Style + Performance + Service = The Fypon Advantage

Fypon gives design and construction professionals an edge over all other interior and exterior design building materials. Fypon marries style and performance with one of the industry's largest product offerings and best customer service to give our customers a true competitive edge.

FYPON STYLE

Fypon is the recognized leader in polyurethane product design, innovation and molding technology. From old world style to classic modern design, Fypon offers the largest and most architecturally correct styles and designs of moulding and trim, and now shutters and beams.

- Architecturally correct and historically accurate product styles and designs
- Molded from actual timber and stone products to capture the texture, patterns and deep shadow lines of classic building materials
- A distinctive look and personality to complement any home design for maximum appeal

FYPON PERFORMANCE

Only Fypon engineers consistent quality and long lasting performance into every product we make, today and tomorrow. From our popular trim and mouldings to our growing shutter and beam offerings, each product is manufactured by experts in polyurethane molding technology. All Fypon building products:

- Are easy to install with no special tools or extra labor necessary
- Deliver consistent workmanship and product quality
- Feature low maintenance
- Provide weather and moisture resistance
- Come stain or paint ready
- Resists insects and won't warp, crack or split.

FYPON SERVICE

From one leader to another, building professionals trust Fypon to deliver on the jobsite and to the bottom line.

- Fypon provides architects and builders with renderings and marketing support for blue prints and model homes
- Receive extensive builder support including an industry first quote package program with quantity pricing tools available at CPS@fypon.com
- We provide installation FAQ (frequently asked questions) and support from master craftsmen
- Plus custom design services for historical restorations, replicas or any unique profile that fits your home or commercial application available at CPS@fypon.com

UNDERSTANDING THE FYPON CATALOG AND PRODUCTS

Choose Timber & Stone products for your project according to the guidelines below:

- Shutters are sold in pairs
- Board panels for shutter fabrication, are sold individually and in contractor packs
- All Timber & Stone products come factory-primed and are ready for stain or paint. (Neutral oatmeal color primer, unless otherwise noted)

CUTTING & MILLING

Fypon polyurethane products can be cut and trimmed with standard woodworking tools.

- Table saws, circular saws, jig saws, band saws and miter saws will give you excellent results during the installation process.
- Trimming textured product will remove the texture and create an exposed polyurethane edge. This edge must be patched with standard wood filler and finished with paint or stain to protect the exposed polyurethane from discoloration from the sun.

For our complete product offering, please refer to our polyurethane smooth catalog or visit www.fypon.com.

ROUGH SAWN CEDAR SHUTTERS

Fypon is excited to introduce its new line of woodgrain shutters!

NEW

Rough Sawn Cedar Shutters

- We have greatly expanded our line to include multiple new styles, a new woodgrain, and a new size range that includes widths of 12", 14", 18", and 24", and height from 24" to 120", available in 1" increments.
- We have also added an accessory line of hinges and clavos that create a distinct look for your shutters.
- The new line will be available in both board and batten and plank styles. Fypon now provides you with numerous options, just what you would expect from the style leader.

BOARD & BATTEN – JOINED BOARD AND BATTEN STYLES

2, 3, OR 4 BATTEN

Adhesive & Finishing

A urethane-based adhesive such as Loctite® PL Premium® Construction Adhesive* must be used on all joints when installing urethane products. This will minimize the effects of expansion and contraction on the product. For additional information on adhesives, detailed installation instructions and finishing information, please visit www.fypon.com.
